MEMORANDUM FOR SEE DISTRIBUTION

MAR 23 2001

FROM: HQ AFMC/DRR
4375 Chidlaw Road, Room S138
Wright-Patterson AFB OH 45433-5006

SUBJECT: Technical Order (TO) Catalog Data Quality

1. The Joint Computer-Aided Acquisition and Logistics Support (JCALS) system provides source data for the web-based TO Catalog. MAJCOM users browse this TO Catalog to determine current information on TOs and Time Compliance TOs. While the increased accessibility benefits MAJCOM users, it highlights occurrences where the TO Catalog data is missing or inaccurate. Users provide feedback to the IDE Program Office (MSG/MMF) via a button on the web site, or by phone or email. Tracking this feedback, MSG/MMF validates and tabulates all reported TO Catalog data problems (attachment 1).
2. We understand the TO Managers, and in turn the single managers, have already addressed and resolved many of these TO Catalog data inaccuracies. To ensure every reported quality problem is addressed, we will provide a monthly spreadsheet containing any new reported problems to the applicable single managers at each center. If this single manager's TO organization is incorrectly listed in the spreadsheet, please contact MSG. Otherwise, no replies are required.
3. Your support is vital as we continue to improve the TO Catalog data. The MSG point of contact for the spreadsheet is Ms. Pam Sutton, MSG/MMF, DSN 787-3085, (937) 257-3085, Pamela.Sutton@wpafb.af.mil. Our command point of contact is Mr. Randy Bullard, HQ AFMC/ENBP, DSN 787-6086, (937) 257-6086, Randy.Bullard@wpafb.af.mil.
